

Bio-Plasma Med Air Top™ (PMCT-150T)

Disinfect the virus and Sterilize your air

Bio-plasma Med Air Turbo™—Want the savviness and convenience of disinfecting and sterilizing the air at your home or office within 3 minutes?

Bio-plasma Med Air Turbo™ is a user-friendly air purifying system for home or office. **Bio-plasma Med Air Turbo™** is fast & eco-friendly, and emits no ozone. **Bio-plasma Med Air Turbo™** plays an extremely important role in improving indoor air quality using Bio-plasma technology to remove airborne pollutants. **Bio-plasma Med Air Turbo™** absorbs smoke, odors and other volatile organic compounds, and efficiently degrade formaldehyde and benzene.

Capture **99.97%** of particles
Down to .3 microns in size

KEY FEATURES

- **True Bio-Plasma Technology**
Break down odors, allergens, chemical vapors, & indoor pollutant. It disinfects bacteria, viruses, and fungus.
- **Improve your air quality**
With over 200M positive & negative ions per sec, your room air quality will be significantly improved like a pristine natural forest.
- **Ultra quiet & simple design**
Noise-free & easy operation
- **Precision Engineering with Turbo speed**
Every unit with turbo speed is carefully made and quality checked.

BENEFITS

- **Biological Control**
Emits over 200 million positive and negative ions per second, and destroys harmful organisms like bacteria and viruses. Third-party testing shows 99.9% reduction.
- **Ozone-free Technology**
Considered one of the safest air purification product in the market, and do not emit ozone.
- **Molecular Control**
Removes air pollutants such as volatile organic compounds (VOCs), gaseous chemicals and unpleasant odors.

Bio-Plasma Med Air™ Technology

Bio-Plasma Med Air Turbo™ (PMCT-150T)

Bio-plasma Med Air Turbo Configurations

SPECIFICATIONS

Purify and Sterilize your air

Input	DC 5V/1A, USB Type C
Plasma	(Bipolar electrode type) Max amount of Plasma Ions: More than 200 million/cc Purifying coverage is 10 m ² ~ 12 m ²
LED	Plasma & LED : Top & 1 color
Features	<u>Purification, Sterilization, Kill Virus</u>
Noise	Turbo mode : 32.5 dB Normal mode : 28 dB
Certification	FDA, CE, KC, RoHS

	LNT Bio-Plasma	Others	Other
Type	Bio-Plasma	Plasma	HEPA Filter
Ion type	Bipolar (+/-)	Mono (-)	n/a
Ion numbers/sec	197,890,000	3,000,000	n/a
Qi 15W Wireless Charger	O	X	X
Qi Dual Charger (Airpods)	O	X	X
Qi 15W Wireless Car Cradle	O	X	X
FDA Approval	O	X	X
Microbac testing	O	X	X
No Filter	O	O	X
Kill Viruses (Corona, Flu)	O	X	X
Kill Bacteria	O	n/v	X
No Ozone	O	X	O
Animal Test	O	X	X
Radon Test	O	X	X
Sleep mode	28db	30db	32db
